EXPERIENCE

KIVISENSE (AR Visualization Technology Company)	Shanghai, China
<i>Digital Solutions Project Manager</i>	Jul 2025 - Jun 2026
• Drove an interactive WebAR game and installation for M&M's Disneytown flagship, securing a 2-minute average session duration and engineering an O2O funnel for CRM acquisition. • Restructured delivery from bespoke builds to a modular AR asset system, scaled across 3+ Kering brands to generate recurring revenue. • Translated requirements into specs, aligned engineering and vendors through UAT, and built data dashboards to measure commercial impact against KPIs.	
Dekuple (Listed French Consulting Group)	Shanghai, China
<i>Digital Strategy Consultant</i>	April 2024 - May 2025
• Co-designed Sinodis's end-to-end WeChat commerce solution spanning content, mini-programs, and CRM, linking marketing to commerce for a multi-million-RMB program. • Diagnosed strategic gaps in HQ's standardized global SCRM, driving localization around China's social-commerce behaviors to pivot execution into a market-specific approach.	
ICONA Design Group (Premium Industrial Design)	Shanghai, China
<i>Digital Market Strategist</i>	Jun 2020 - Jul 2022
• Led consumer research for 10+ vehicle projects including the Huawei-partnered Hongqi H9, shaping China-specific design localization and go-to-market strategies. • Developed journey and persona frameworks to align global brand identities with local preferences, translating research into actionable design briefs.
